HUGHES LAUNCHES CAMPAIGN WITH VIM

PUBLIC BUILDING SITE, \$30,000, HERE IS ASKED BY KETTNER

Congressman Introduces Bill For Appropriation, Says He Hopes to Get It

Congressman William Kettner has introduced a bill into the House of Representatives, which, if it passes through both houses of Congress and is signed by President Wilson, will provide \$30,000 for the purchase of a site for a federal building in Santa Ana.

A few weeks ago the Santa Ana Chamber of Commerce took action asking that steps be taken looking toward the construction of a federal building here.

Today Postmaster C. D. Overholser of Santa Ana received a letter from Kettner, inclosing a copy of the bill. The letter stated that Kettner hopes to get the appropriation allowed. The sum selected as being the limit for expenditure for a site is \$30,000. Kettner states that that sum was settled upon when a comparison of population in the census showed that there is but fifty difference between Redlands and Santa Ana, and \$30,000 is the amount fixed for Redlands.

The bill is worded as follows:

"Sixty-fourth Congress, first session, H. R. 16,182.

"In the House of Representatives, June 1, 1916.

"Mr. Kettner introduced the following bill, which was referred to the Committee on Public Buildings and Grounds and ordered to be printed.

"A bill for the purchase of a site for a public building at Santa Ana, California.

"Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, that the secretary of the treasury be, and he is hereby, authorized and directed to contract for the acquisition, by purchase, condemnation, or otherwise, of a suitable site for the United States post office and other governmental offices at Santa Ana, Orange County, California, the cost of said site not to exceed the sum of \$30,000."

JOSEPHINE DAVIS IN COURT TODAY FIRST TIME AT ORPET TRIAL

WAUKESHA, Wis., June 12.—Little Josephine Davis, the blue-eyed and flaxen-haired intimate friend of Mariam Lambert, for whose murder William H. Orpet is on trial here, sat in the court room today for the first time and heard the testimony of the accused, answer, "I don't remember," repeatedly, on the stand in answer to questions by State's Attorney Dady.

Today was the Davis girl's first appearance in court. She is the principal witness against Orpet.

Orpet's father testified that the boy told him he was innocent of the Lambert girl's murder, just after the arrest.

The Elder Orpet admitted having bought a quantity of cyanide of potassium but threw it away later, as it was defective.

DEFENSE PARADE WILL BE JOINED BY WILSON

WASHINGTON, June 12.—Charles Evans Hughes has been invited to march in the parade of the preparedness parade which will be held in Washington next Wednesday. President Wilson, whose foreign policy is not popular with Mr. Hughes, has already agreed to participate. Colonel Roosevelt has been invited, like Mr. Hughes, but neither he nor the Republican nominee has accepted yet. William Howard Taft received an invitation, but declined.

HUGHES' MOTHER SEES VICTORY FOR NOMINEE

KINGSTON, N. Y., June 12.—In Justice Hughes' nomination many Kingston residents believe they see the beginning of the fulfillment of a prediction his mother made that "some day my boy will be President," a view which was shared by his father, the late Rev. Dr. D. C. Hughes, who both lived here during part of the time Justice Hughes was governor of New York.

\$10,000 FOR BUILDING VOTED BY SAN DIMAS

SAN DIMAS, June 12.—The \$20,000 bond issue for the construction of a beautiful municipal combination auditorium and schoolhouse was carried here 220 to 95.

FIESTA BOOMERS ON AUTO JAUNT GIVEN CORDIAL RECEPTION

Trip Through County Is Met With Hearty Reception Everywhere

Accorded a hearty reception at all points en route, a cavalcade of automobiles bearing boosters for Santa Ana's Fiesta de Luz to be held here Thursday evening, visited practically every Orange county city and town today.

With bag pipers piping and horns tooting, the automobiles got under way from in front of the city hall shortly before 10 o'clock this morning.

Each car bore a Fiesta de Luz banner and each passenger had a horn. In the second car were three members of A. Black's Scotch Bag Pipers, of Los Angeles.

Itinerary

Tustin was visited first. Next in the itinerary came El Modena and Orange. Passing through Anaheim, the cavalcade visited Placentia, Brea and La Habra, in the order named. The return south was made through Fullerton and at noon the boosters stopped at Anaheim at the Hotel Valencia for luncheon.

Leaving Anaheim, Garden Grove, Westminster, Huntington Beach, Newport and Balboa were visited and then the party returned to Santa Ana.

Brief stops were made at all points and hundreds of Fiesta buttons which were eagerly sought by the spectators, were distributed.

Everywhere the automobiles went they were greeted with enthusiasm. Following the booster jaunt, it was predicted that a greater crowd would be in Santa Ana on Thursday night than has ever before assembled here.

The Fiesta Committee has decided not to close the entries for the parade until tomorrow evening. As originally planned, the entries were to have closed Saturday night, but it has been found practicable to keep the closing date open until tomorrow.

Urges I. O. O. F. to March

H. H. Allen, Noble Grand of the local order of Odd Fellows, urges that all lodge members be at the I. O. O. F. hall promptly at 7:30 o'clock, to take part in the Fiesta parade. Allen states that it is the desire of the officers that the lodge make as good a showing as possible in the parade and for that reason it is urged that all members be prompt to report. All visiting Odd Fellows are invited to join.

NOW'S THE TIME FOR ALLY SMASH IN WEST, IS J. W. T. MASON VIEW

(By J. W. T. Mason, written for the United Press.)

NEW YORK, June 12.—The astonishing success of the Russians' drive on the southwestern front brings the time for the allies to put to the test their western front offensive. Not since the war began have the allies been able to deliver a simultaneous assault against all the Teuton lines. The allies have thus played consistently into Germany's game, by permitting the Central Powers to concentrate against a single enemy at a time.

Being allowed to use his forces against a single enemy at a time, was the reason why Frederick the Great won the seven-years' war against Europe.

40,000 SEE DE RESTA WIN CHICAGO GRIND

CHICAGO, June 12.—Resta easy. That is no hyphenated English, but an accurate description of the finish of the second international auto derby at Speedway Park yesterday after a sustained flight of speed over the 300-mile route of the little better than 99 miles an hour.

It was a new record for the race and the second victory for Dario Resta. He set the mark over a 500-mile route last year at 97.58 miles an hour and at that time he traveled the distance faster than any man had ever made it before.

Resta won easily in the last lap, but up to that time he had engaged in two duels of speed, first with Rickenbacker for more than 100 miles, and then with De Palma for 198 miles. And there was a thrill a minute for every one of the 40,000 spectators.

HUGHES NOMINATION BRINGS STOCK CLIMB

NEW YORK, June 12.—Wall street received the Hughes nomination in a spirit of optimism. There was an advance of a point or more when the exchange opened today.

BADDOUD WILL LEAVE GOTHAM NEXT WEEK

NEW YORK, June 12.—Albert Baddoud, European welterweight champion, will leave for Buenos Ayres next week to fight Ted Lewis twenty rounds, it was today announced.

PARADE INCREASE BRINGS AIDE NEED

Owing to the prospective increased size of the Fiesta de Luz parade it will be necessary to provide more aides for handling it than we have at present. Anyone having a saddle horse and who is willing to ride it in the parade will please notify me at once.

S. H. FINLEY,
Grand Marshal.

ALARMED, BAKER SENDS GUNNERS TO BORDER

WASHINGTON, June 12.—Secretary Baker today announced that he had ordered a thousand additional coast artillerymen and engineers from the Washington barracks, here to the Mexican border patrol, following the receipt of news of a disturbing character.

LAREDO, TEXAS, JUNE 12.—THREE MEXICAN RAIDERS TODAY WERE REPORTED TO HAVE BEEN KILLED AND FIVE CAPTURED BY CITIZENS AND VIGILANTES, FOLLOWING THE RAIDERS WHO ATTEMPTED TO BURN THE INTERNATIONAL GREAT NORTHERN TRESTLE AT WEBB, TEXAS, NORTH OF LAREDO.

A posse of ranchers is reported to have engaged the raiders between Webb and Cactus. There were no American casualties. One of the captured bandits was a captain. Several truck loads of soldiers and Texas National Guardsmen were hurried to the scene.

To Refuse Withdrawal

WASHINGTON, June 12.—The President's answer to the latest Carranza note demanding withdrawal will be dispatched this week before President Wilson is nominated.

The note will politely but flatly refuse a withdrawal or even a rearrangement of troops. The communication is very long.

Among the reasons cited for not withdrawing the troops now the president will emphasize the fact that the murderers of the Americans at Santa Ysabel have not only not been punished but have not been apprehended. The note will recite also the recent raids on American soil. Embellish will be laid on recently received consular reports that the situation in northern Mexico requires the presence of the American troops in view of the attitude of the natives toward other foreigners as well as toward Americans.

There was every indication in official circles that the note would be for "campaign consumption" as well as for Carranza, in the mind of Carranza that the United States will brook no more possibility of future trouble that might embarrass the American lines, or government, in any way.

Anti U. S. Feeling Grows

COLUMBUS, N. M., June 12.—A rising anti-American feeling is sweeping Chihuahua, according to refugees today. It is reported that agitators are making a tour from village to village in South America, making incendiary speeches against the "gringos."

In Chihuahua recently schools were dismissed and the children paraded, in a demand that the expedition be withdrawn.

Word is anxiously waited here about the result of an anti-American demonstration that was scheduled for yesterday at Chihuahua, in which the populace and soldiery were to have participated.

Twelve Americans who were reported to be hiding in Chihuahua under the care of friendly Mexicans were prevented leaving by General Treviño's order.

Situation Serious

WASHINGTON, June 12.—Conditions in Mexico have become so serious in the past few days that the administration is considering formally calling the attention of Carranza to the situation, the state department today formally announced.

Consular reports said that the natives in northern Mexico are showing increased excitement and unrest and that in some instances Carranza's officials exhibited a noticeable indifference to the situation.

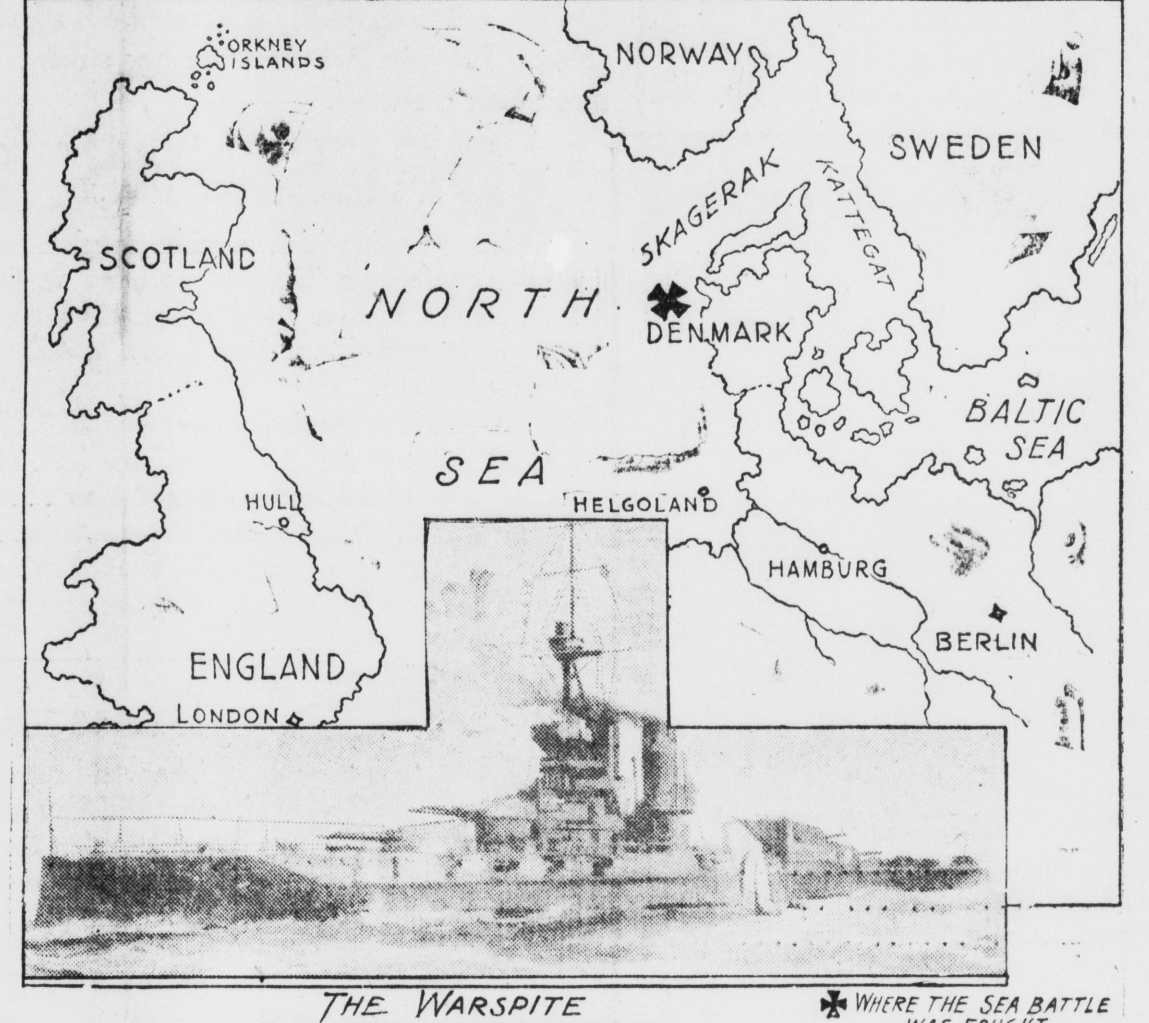

Mexicans Wound Trooper

SAN ANTONIO, June 12.—Lieut. Col. Waterman today reported that Mexicans fired on a patrol of United States troops at Hachita Saturday night, wounding one in the leg.

NEW RIVERSIDE APARTMENTS

RIVERSIDE, June 12.—A \$20,000 apartment house is to be erected in Riverside next autumn by E. M. Smith, who has bought a site 165 by 132 feet at Ninth and Main streets.

THE greatest sea fight in the history of naval warfare was the battle between German and British ships off the coast of Denmark, May 31, in which the Warspite, one of the five greatest battleships built, was believed to have been sunk, along with nine other important British vessels. This map shows the location of the fight and a picture of the dreadnaught Warspite which, according to the British admiralty has arrived safely in port.

Hughes' Nomination Is Source of Satisfaction; His Election Predicted

A number of interviews were obtained today concerning the nomination of Charles E. Hughes as the Republican standard bearer. All of those interviewed, both Republicans and Progressives, express satisfaction over the nomination. Many predict Hughes' election. The interviews follow:

W. B. Williams, county clerk—"With Roosevelt out, Hughes will win, and that suits me fine."

L. A. West, district attorney—"I am satisfied. That was a splendid statement given out by Justice Hughes."

J. C. Burke, assemblyman—"Satisfied? Yes, indeed. I can't see how any person believing in preparedness and Americanism could ask for anything stronger than Hughes gave out. It went even stronger than the platform."

O. H. Burke, Tustin, Republican—"I am very much pleased with the nomination made by the convention, and believe that Hughes will win easily. I am also pleased with the position Roosevelt has taken with reference to the Progressive nomination and believe if his present attitude becomes final it will make him more popular man than he has ever been. I look for Roosevelt to be in the field four years hence, with the strong backing of those who now oppose him."

A. H. Lyon, Republican—"Suits me absolutely fine. If Roosevelt supports the party we will elect Hughes easily, something I sincerely hope will happen."

D. Eymann Huff, manager of the Hewes ranch, El Modena, Republican—"The nomination of Hughes is all right. However, I would have preferred Roosevelt, but this is no time to stand out. I believe Hughes can be elected. He seems to stand for those things which are to the best interests of this country. I think we ought to get behind him and elect him."

E. P. Stafford, Farmers and Merchants' National Bank, Republican—"I am well satisfied with Hughes. I picked him out as the man when his name was first mentioned."

Paul Knaf, Democrat—"If Hughes suits the Republicans he suits me. He can win, if any Republican can win. Of course, I believe that our platform is infallible, likewise Wilson, and with one or two turns between now and election, Wilson will be re-elected."

P. M. German, Garden Grove—"I think that if the third party keeps out of it, Hughes will be elected."

A. J. Visel, mayor of Santa Ana, Republican—"Delighted, because Hughes comes from New York and because Hughes made us a good governor. He is a God-fearing man and cannot go far astray."

J. C. Metzgar—"The nomination of Hughes suits me. I believe he will be elected in November."

Linn L. Shaw, Republican—"Hughes suits my man—he suits me to a dot. I don't see why any one professing to be a Republican should not support him."

John A. Harvey of the Citizens' Commercial Bank, Republican—"The Republicans will win with hands down. Hughes' statement in his telegram of acceptance is just as strong as Roosevelt could have made it. I look for a Republican landslide."

A. W. Rutan, Republican—Roosevelt showed more true Americanism in declining the Progressive nomination than he has shown at any time since the party pulled out of the Republican party. Hughes is the man to carry the party to victory."

A. C. Getty, of the First National Bank, Republican—"I am satisfied and believe Hughes can be elected."

E. G. Holmes, president of the Orange County Savings and Trust Bank, Republican—"I think it was a good nomination as could be made under the circumstances. I think we will find Hughes a great deal more Progressive than some people think for."

W. L. Grubb, former city councilman, Progressive—"I believe the Progressives will more heartily support Hughes than the regulars would have supported Roosevelt. The Progressives are broader in spirit, and less given to bitterness than the regulars. I believe Hughes is just as much of a dictator as Roosevelt, and this is the character of man we must have to get results."

S. M. Reinhaus, secretary of the Republican County Central Committee—"I am thoroughly satisfied and believe we are going to win with Hughes. I believe he will unite the party. His views expressed in his letter of acceptance are in accord with political ideals of both the Progressives and Republicans."

Dr. R. A. Cushman, Republican—"I am more than pleased with Hughes, and if he lives up to the views expressed in his telegram of acceptance to Chairman Harding, which I think he will, he will supply us with what we most urgently need at this time—a vigorous, aggressive, sane administration. I predict the repetition of 1896, when the Republican nominees were carried into office on a wave of popular approval."

W. C. Jerome, county auditor—"I am for Hughes. I hope to see Roosevelt get into the harness and make a fight for Hughes, and I believe he will."

Walter Eden, president of the Orange County Republican Club—"The party is going to win. I cannot see any reason why Hughes should not receive the support of both factions of the party. I am mighty well pleased with the situation."

CAPTURE MOOSE VOTE, PLAN OF DEMOCRATS AS PARTY HEADS LAY PLANS

Progressives Will Not Give Hughes Endorsement, Is N. Y. Word

WILL TRY TO CONVINCE T. R. HE SHOULD ACCEPT

G. O. P. Nominee At New York Opens Campaign With a Rush

NEW YORK, June 12.—Charles E. Hughes today opened his campaign with a rush. He arrived at the Astor Hotel and conferred with party leaders.

Hughes arrived at 7 a. m. and went directly to the hotel, where he displayed true American campaign form by sending word that he would see the newspaper men at once.

With his secretary, Lawrence H. Green, Hughes slipped quietly out of Washington after midnight. Few persons noted his departure.

It was understood that Hughes probably would confer with former Attorney General George W. Wickersham.

Fifty detectives are guarding the candidate.

An attempt of reporters to get a statement from Hughes as to his attitude on the German-American alliance failed.

Hughes Smiles

"Will Frank Hitchcock be chairman of the National committee?" Hughes was asked.

"I can not say anything now," the candidate said, smiling.

"Will you see Roosevelt?"

"I can not say anything on that either. My plans for the immediate future are indefinite. Perhaps I may stay in New York for a few days," said Hughes.

DEMOCRATS PLAN TO CAPTURE MOOSE VOTE

BY LOWELL MELLETT
(United Press Staff Correspondent)

One of the greatest kidnapping enterprises in history has been discovered in St. Louis. The object of the effort is a four-year-old child—the Progressive party.

Democratic leaders are the would-be kidnappers.

At a quiet conference the leaders today declared on a new program. Roosevelt's reiteration of his refusal to run, it is believed shells to death the Progressives and the Democrats are now bending every effort to capture the four million Progressive votes.

ST. LOUIS, June 12.—The Democratic platform, it was agreed, would not meet the Progressives' "expressed desire" on the following points: Universal military training, regulation of industries, and just distribution of their returns, re-establishment of the merchant marine, permanent tariff commission, removal of artificial causes of the high cost of living, protection of the wage earner, and a regulated system to regulate credit.

The Democrats agree that stumbling blocks on any possible get-together program would be in the following: Protective tariff, suffrage, the Mexican policy, Americanism and a navy second in the world.

"I am convinced that Roosevelt was prompted by the highest motives when he declined the nomination. We will continue our fight on the Pacific coast. Many of our party will support Hughes if it is the Colonel's desire, but will not do it enthusiastically."

Johnson is the last Bull Moose republican.

LEAGUE NOT YET READY TO GIVE PUBLIC REASONS FOR ASKING RESIGNATION OF SUPERVISOR

At its meeting Saturday the Taxpayers' League was not ready to present to the public a statement of its reason for the demand made through S. J. Jackman and L. E. Smith, president and secretary of the league, for the resignation of Supervisor T. B. Talbert. It appeared that recently, after public indignation had been expressed over the demand on Talbert, the executive committee of the league appointed a committee consisting of L. E. Smith of Orange, G. W. Moore of Westminster and A. C. Tiede of Santa Ana to draft a statement of the reasons that were back of the demand upon Talbert, but that committee had no report Saturday. The only member of the committee present Saturday was A. C. Tiede, and he declared that he was not in accord with the demand that had been made for Talbert's resignation. The league continued the meeting.

L. A. Sweet made an address in

which he extolled Jackman, and said that the manner in which Jackman had been treated following the demand for Talbert's resignation was a shame. Sweet said that Jackman had been singled out for insult, and Sweet thought the league ought to back Jackman up. Sweet gave what he considers the position of the league in the Talbert controversy, which position, as stated by Sweet, has previously been reported in the Register.

Mills said the league ought to draft resolutions giving the reasons for asking Talbert to resign, and said the league should assume the responsibility in the matter.

H. A. Stewart of San Juan Capistrano wanted to lay the matter on the table because Talbert is in the east.

Tiede dissents

Tiede did not agree that the league should shoulder the responsibility.

"I may be in a minority," said he. "As far as the welfare of the league is concerned, it is ill-advised to make the request. Mr. Talbert is only one of five members of the board. The letter sent to him was worded in such a way that it was reasonable to expect that the league did have something more against Supervisor Talbert than had previously been brought out against the board as a whole. The object of this league is to gain strength by numbers. Many fair minded people do not approve of the extreme measure."

"You must have known that he would not resign. The only course, then, would be the recall, and with the lack of education upon our position we would be snowed under in a recall, and an expense of a recall would be a useless expense. The only thing for us to do is to wait, and see that suitable men are nominated and endorsed at the polls." Tiede said that the Huntington Beach meeting that passed resolutions upon the matter went to extremes. He said that D. W. McDannald, who praised the supervisors, is getting \$1500 a year as county lecturer.

Defends Jackman
Sweet came back with another defense of Jackman, this time in reference to the castigation delivered by Rev. P. F. Schrock in relation to apartments on Rush street owned by Jackman. He again praised Jackman as an honest man and as an investigator. Sweet said he tried to figure out in

his mind why Rev. Schrock should have said some of the apartments did not have as much light in them as the law requires a decent dairy to have. "I tried in my mind to connect up Rev. Schrock with this whole business," said Sweet. "The almighty dollar! Mr. Schrock is a bright young fellow, but he had no business jumping on Jackman, for those apartments are a nice, clean place. It was a dirty slur on Jackman, who is always looking out for justice and right."

Mills urged that action be taken at once to back up Jackman and Smith. He did not see that since Talbert would not resign his absence in the east cut any figure.

Only Ten There?
"I am lukewarm as a member of that committee," said Tiede. "I don't think there could have been over eight or ten members of the league present when that resolution was passed. I did not know it was coming up, and left, and at the time I left about two-thirds of those here were leaving, and I don't think there were ten left in the room."

D. G. Cole said there were probably twenty-five or thirty present. He had objected to voting on the demand because there were no more present. On Cole's motion, Smith, Moore and Tiede were continued on a committee to make a report upon the Talbert resignation demand, at the next meeting of the league.

Tiede said that as a matter of policy he thought it advisable for the county to put \$30,000 a year received from the automobile tax in the good roads fund rather than in the general fund. He said he would like to see the Santa Ana canyon road opened, as it would draw more actual traffic for Orange county than is drawn by the state highway itself. Tiede said the surfacing on the good roads is going to pieces.

More Investigation
Mills said the county highway commission is merely marking time. He said the total bills paid in March was \$591.64. He thought the only way to handle the forestry work is to have ranchers plant the trees and agree to look after them. He said he thought the offices of the county purchasing agent and aid commissioner should be combined. "The principal function of the purchasing agent," said he, "is to buy stamps, and the aid commissioner buys some stamps, too."

On Mills' motion, L. A. Sweet, A. A. Mills and E. E. Cooley were appointed as a committee to investigate the work of the highway commission, the board of forestry, the purchasing

agent and the aid commissioner.

William Kenyon of West Orange averred that the paved road surfacing is not holding up. He objected to moving the tubercular ward at the county hospital. He could not see why the press of the county takes so little interest in the matters brought out by the league.

Mills said the people of the county laid down on the job else asphalt covering would have been used on the state highway throughout the county. He said that when there came a change of engineers of the county highway commission, criticism died down. He said the reason the press does not follow in the footsteps of the league is that they get some public printing.

Tiede said that attitude of the newspapers had not been friendly to the league, and he thought a paper could become very popular by making and publishing full investigations.

Eight new members were added to the league Saturday. About twenty-five were present.

PARISH SCHOOL TO BE OPENED

That Rev. H. Eummelen, pastor of the Catholic church of Santa Ana, has been successful in making final arrangements for the opening in Santa Ana next September, of a school conducted by the Sisters of St. Joseph, is indicated by a report received from Eureka.

When Rev. Eummelen left Santa Ana for Eureka it was his desire that four sisters be brought here from Nazareth Academy, Eureka, to take charge of the school that the pastor desired to have opened.

While in Eureka, Rev. Eummelen was a speaker at the graduation exercises of Nazareth Academy.

RUNAWAY, MAN MAY DIE FROM BROKEN SKULL

NEWPORT BEACH, June 12.—D. W. Cross of Harper was badly injured, probably fatally, this morning when he was thrown from a runaway wagon. Cross has a fractured skull and has three ribs broken.

Cross, who is 70 years old, has been driving a wagon to Newport Beach, selling fruits and vegetables. This morning while the driver was in his wagon on Ocean avenue the horse became frightened, and started to run. He went under the S. P. bridge and in front of the Butterfield cottages and back of the city hall, the wagon struck the curb. Cross was thrown upon the curb.

The injured man, unconscious, was taken to Dr. Tweedie's office, and later was sent to Santa Ana in an ambulance.

FULLERTON IS WINNER 12 TO 2

FULLERTON, June 12.—The Anheuser-Busch club of Los Angeles, after winning twelve straight games, played its thirteenth here yesterday and lost to Fullerton by a 12 to 2 score. Arrelanes opposed Fullerton for seven innings before he was taken out and McGeehan substituted. McGeehan was hard hit and the score was swelled by three more runs from him before the frame ended. Abbott pitched nice ball and held the brewery workers to four hits. The Fullerton club played its last game here yesterday. Several out-of-town games will be played and then the team will disband until fall. The score:

RESERVOIR WILL HOLD OVER MILLION BARRELS

Paul Carnahan and H. C. McCord expect to complete the cement work on the big reservoir being constructed on the top of a high hill back of the Marcy ranch houses within the next two weeks.

The big water container will impound a million and a half barrels of water, and by the time it has been completed will have cost C. E. Marcy in the neighborhood of \$20,000.

The reservoir is being installed for the purpose of supplying water to the Marcy lands, and at the same time attention is being paid to ornamentation, the intention of the owner being to make it attractive and artistic as well as useful.

WHAT IS URIC ACID?

Does Uric Acid Cause Backache, Rheumatism and Kidney Trouble?

Dear Dr. Pierce:—What is Uric Acid? Does it cause kidney trouble? Not long ago I was examined for insurance and an analysis of the kidney secretions showed an excess of Uric Acid.

I suffer from backache, and rheumatism in my limbs, but never before suspected my kidneys. I recognize you as an authority on these subjects, and wish you would give me this information.

Lewis R., My dear Sir: Answering your letter, Uric Acid indicates poisoning of the system; it is also associated with several other poisons and forms painful irritants in the cells of the joints, nerves and muscles. Everyone has Uric Acid in the system, but naturally in small quantities. Excessive amount is caused by eating too much meat and foods that ferment in stomach. The kidneys being the filters of the blood are supposed to separate and throw the poisons out of the system. Weak, tired and overworked kidneys fail to do this, hence the poisonous Uric Acid and its associated poisons contaminate the blood, causing backache, lumbago, rheumatism, dropsy, drowsy and tired, worn-out feeling, short breath and many other symptoms.

To overcome the trouble is only a matter of toning up the kidneys, and this is best done by a treatment with "An-Uric" with proper diet and exercise. This prescription has been thoroughly tested and used by specialists at my institution, in Buffalo, N. Y., with satisfactory results, and astonishing relief.

I recently put "An-Uric" before the American people and it may now be obtained from almost any one of the leading druggists in town, simply by asking for Dr. Pierce's "An-Uric," in tablet form.

Take good medical advice, and do not let deadly Bright's Disease or Diabetes develop from neglected kidneys.

(Signed) V. M. PIERCE, M. D.

2 HAYSTACKS OWNED BY SANTA ANANS ARE SET AFIRE AT HEBER

Two big hay stacks on the ranch at Heber, Imperial County, owned by W. C. and B. W. Jerome of Santa Ana, were set afire in the hay burning campaign employed around Heber last week by disgruntled men. In a letter from E. B. Holt, who is managing the ranch for the Santa Anans, the story of a day of wild excitement is told. Mexicans discovered fire in one of the Jerome hay stacks. That was put out with water. Almost at the same time fire broke loose in three other stacks in sight of the Jerome ranch. Two stacks were burned down.

While Holt was away helping a neighbor fight fire, flames broke out in a second stack on the Jerome ranch. That was put out. A piece of rag with phosphorus in it was found between the bales.

Holt says that there has been an epidemic of thievery and burnings throughout the valley. Holt lost two saddles and other property. In his letter, Holt said that the officers credit the burnings to the L. W. W. with which Brawley has had a good deal of trouble, and the stealing to the Mexicans. Holt, however, thinks most of the thievery has been done by whites.

FRUIT EXCHANGE DIVISION HEADS NOW IN L. A.

The men who are in a measure responsible for the amount of money which flows into the pockets of members of the California Fruit Growers' Exchange are now in Los Angeles. They have come here to get in close touch with the growers and to enlighten them on various matters pertaining to exchange business.

They are known as division managers of the exchange, and arrangements have been made for a big meeting at Symphony hall, Los Angeles, next Thursday at 10 a. m. Questions pertaining to the selling of the fruit will be discussed. Growers who are members of the organization are not only invited but urged to attend the session.

The managers of divisions, who are now in Los Angeles, are D. D. Black, Eastern Division, with headquarters in New York City; J. O. Cook, Northeast Division; J. P. Scanlon, Central Division, Chicago; E. P. Browne, Middle Western, Minneapolis; P. W. El-Hott, Northwestern, Seattle; R. H. McDonald, Southern, Fort Worth, Texas.

These gentlemen are in close touch with market conditions in their respective districts, and every grower identified with the exchange should make it a point to attend.

STATE ELIMINATES GRADE CROSSINGS MORE SOON TO GO

Mr. W. W. Patch, division VII engineer of the California Highway Commission at the Los Angeles office, in an interview says:

"You may tell the traveling public to 'Stop, Look and Listen,' or you may have a watchman to wave a red, white or green flag, or you may have ringing bells or automobile signs to help make the grade crossings of railroads safe, but the best solution of the problem is to remove the cause; that is, wherever possible have no grade crossings of the highway with the railroad."

"Safeguarding the public at the grade crossings is a problem that is always before the highway engineer and the railway officials, and if the highway can be so routed as to avoid crossings, it is done. Some times an overhead crossing or a crossing under the railroad can be built at justifiable expense."

"The California Highway Commission has eliminated ninety-four grade crossings already and fifty-six more are to be eliminated under the present plans of this work."

"In the routing of the state highway it has been possible to change the lines of many of the old channels of travel. Thereby distances between principal points have been greatly shortened; sharp, dangerous curves have been taken out; hard, steep grades have been all cut down to a

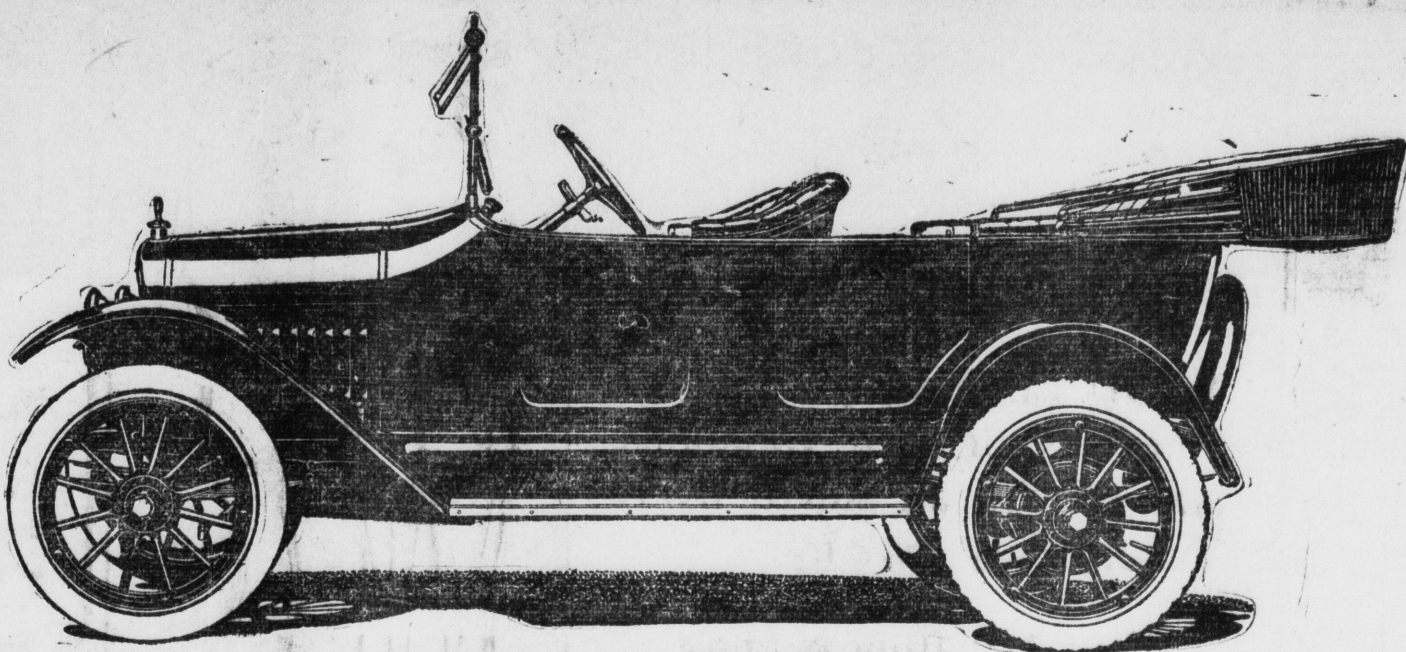

maximum of seven per cent, and even the maximum is rarely found. In addition to this, the state highway will have eliminated 105 of the dangerous grade crossings on the main lines of travel in California."

SUMMER IN CALIFORNIA

"Summer in California," is the title of a new illustrated folder issued by the Salt Lake Route, which describes briefly some of the noted resorts and tells exactly why that southland with a warm winter climate, is cool in summer.

The six reasons for this remarkable equability of climates, are: latitude, the Pacific and its tonic winds, the local phenomenon of dynamic pressure squeezing humidity out of the air whenever the temperature rises, as one wrings a sponge, thus eliminating possibility of muggy stifling weather; the familiar velo cloud of California, regularly appearing awhile in summer forenoons and screening off the sun's rays, the cool inward draughts of ocean air pouring eastward to replace the rising hot air of the deserts and

We Believe the Maxwell is Greatest Motor Car Value on the Market

BUT our opinion would not be of any particular importance to you if it did not coincide with the facts. We only want you to look the market over carefully. Then we absolutely know that you will agree with us.

In the first place there is the remarkable Maxwell engine. No four cylinder motor of its size has more "pep" or go to it regardless of the price of the car it drives. It will climb hills on high gear in a manner that will astonish you. It is quiet and works day in and day out with a sound, business-like hum that is good to hear.

Any engineer will compliment the design of the chassis. And those who are not engineers cannot fail to note its simplicity and staunch construction. As for what it is made of, we can truthfully say that better material cannot be bought.

The operation of the car is simplicity itself—the brakes are powerful—the springs are long and flexible—the axles are strong and the steering apparatus, like the rest of the chassis, is built to stand the most severe service the car may ever have to face, wherever or however it is used.

Then if you consider looks important, and most people do, you will not find a more attractive car than the Maxwell at anywhere near the price.

And it comes to you fully equipped with all the attachments you will ever want or need; electric starter and lights, demountable rims, one man top, self-ventilating, rain-vision windshield, etc. All for \$655 (five passenger touring car) or \$635 (two passenger roadster).

We know you can't beat it.

Through the purchase of A. R. Rowley's lease interest in the Rowley block, corner Fourth and Main streets, Mrs. Emma L. French becomes the sole owner of the building. She has owned the lot for many years. In October, 1898, the building was leased for twenty years to A. R. Rowley and H. R. Bristol. Bristol sold his half-interest in the lease to W. L. Tubbs, and in 1906 Mrs. French purchased the Tubbs interest in the lease. She has now bought the Rowley interest.

Some of the renters in this building have been tenants for over seventeen years.

ALL TOGETHER, NOW!

The Register is free to confess its disappointment over the failure of Theodore Roosevelt to secure the Republican nomination, and equally free to express its gratification over the nomination of Charles E. Hughes.

That is to say, if we can't have Col. Roosevelt, "the noblest Roman of them all"—the great Progressive leader,—then by all means let us have Mr. Hughes, a pioneer progressive, a man who for years has stalwartly stood for the essentials of progressivism.

As the Register hoped and believed, proposed and predicted,—indeed as all conservative Progressives and progressive Republicans purposed—the outcome of the Chicago conventions is a reunited, a chastened, a purified, a rejuvenated, a reconsecrated Republican party.

Of course it was a great victory for progressive principles, over which all Progressives and progressive Republicans may rejoice. But let the greater rejoicing be that the victory was gained constructively instead of destructively; that it does not have to be paid for, as in 1912, with Democratic success at the polls in November.

The Register has steadfastly maintained that the Republican party is progressive, and that the bosses either would find that fact manifesting itself among the delegates at the Chicago convention, or would feel impelled to recognize it as plainly manifesting itself in the rank and file of the party throughout the country, and therefore could not or would not dare nominate a reactionary candidate for President.

But whatever the cause the result is none the less gratifying. We have a splendid type of man and a stalwart progressive Republican as our candidate for President—a candidate that all Progressives and all Republicans can and no doubt will support most heartily.

All honor to Col. Roosevelt for declining to accept the Progressive nomination. In doing so he has shown himself to be the great man and the great patriot that those who admire and love him have always believed him to be. Now let us hope that he will further confute his traducers who have called him a self-seeker—let us hope that he will give Justice Hughes his hearty support both before and after election—even to going into Hughes' cabinet as Secretary of State, where he could render the country service second only to that which he could render in the office of President.

CAMPAIGN EXPENSES

The cost of elections—not only the cost to the public, but the cost to the candidate—is a matter that disquiets all who desire good government. It may cost thousands to get elected even to a minor state office. Theoretically a poor man can be chosen to anything, but practically a barrel is more of a qualification than ever.

Laws controlling campaign expenditure have been passed in many states. If strictly enforced, many elections would be invalidated, and public men so discredited as to be shelved. But it is rare that politicians try to enforce these laws on each other. There is a gentleman's agreement to keep out of the courts.

Yet over in England where they have had corrupt practice acts for many years, they seem to be strictly enforced. English books emphasize the drastic nature of these statutes. Election managers of the very best intentions are often unhorsed by the careless act of some over-zealous supporter, which is held to invalidate an election.

Perhaps the reason why these prohibitions do not work better in this country is that the politicians of opposing parties tacitly work together for the interest of the trade. They do not care to attack each other for offences they have committed themselves. They are each too vulnerable.

If this is the case it is one of many illustrations of how the professional political element plays into each other's hands as against the interest of the whole people. During campaigns they bombard each other with sound and fury. They deplore each other's blunders and warn against each other's crimes.

But it's stage thunder. The money, however, that oils the way, is very far from being stage money.

The inventor of a new aluminum hot-water bottle claims to have so shaped it that it will fit nearly all human curves comfortably.

IS EUROPE READY FOR PEACE

Indianapolis News

The members of the League to Enforce Peace, who met at Mohonk Lake, N. Y., and debated the question of whether it was advisable to advocate a league of nations with a tribunal to hear and decide international disputes and a police body to enforce the decrees of the court, said practically nothing which sheds a new light on the question. The supporters of the plan merely reiterated the argument that the international tribunal at The Hague has the fatal weakness of "presenting no provision for the enforcement of the decisions of the tribunal," and that the question is largely one of organizing the world on the plan of the United States or any other nation composed of a group of political units.

It is to be wondered, however, if the plan to enforce peace is really not too ambitious. The advocates of the plan contend that the time to present it is immediately after the war, when the belligerents, exhausted and war-sick, will be likely to grasp at anything which looks like a remedy. They look to the nations which have remained neutral to present the plan to the world, and stand sponsor for it. But they do not show that the world is prepared to receive it. They do not

show that in the nations at war there is a genuine opposition to war. In fact, while virtually admitting that the success of the plan involves the formation of a world union, they overlook the obstacles in the way of a world union and merely talk about what such a union could do.

The motives of the League to Enforce Peace are above reproach, its aspirations are commendable, but its methods seem to be those of men whose hope rules their judgment. The world knows that either Germany or France and Great Britain together will have a good deal to say about peace terms before a very long time. But the world does not know what these nations think about a league to enforce peace. Indeed, it is doubtful if the nations themselves know. They are busy with other affairs. They are not seeking to understand one another in order that they may come to an amicable agreement about perpetual peace, but rather to kill one another in order that there may be peace for a while. They have not even indicated that they are disgusted with war. Indeed, it is even maintained by some very able British statesmen that there now exists an international league to enforce peace, consisting of Great

Britain, France, Russia, Italy, Portugal, Japan and several minor states, with Germany as the unruly member.

"The engagement at the Alhambra Theater closed last night, but it is expected they will be shown in Minneapolis and in some of the outlying theaters of St. Paul soon."

Four Young Men Celebrate Birthdays At Home of John and Paul Bruns

A delightful seven o'clock chicken dinner was given on Saturday evening at the home of Mr. and Mrs. John Bruns, for their elder son, John E. Bruns, who, with four of his chums, celebrated June birthdays, covers being laid at the prettily-appointed board for ten young men.

The attractive centerpiece was fashioned of pink roses and asparagus ferns, the fern fronds being scattered over the snowy napery.

The place cards bore the nicknames of the boys, used at school with June bugs adorning the corners. Some of the names seen were: Hobo, Juan, Motorcycle, Mike, Tombstone, Tom, Hilarious Hill, Tia Juana, Tie, Husky Hank, Box Car, Kile and Battling Babe.

After the delicious menu had been done thorough justice and healthy young appetites had been appeased, toasts and speeches were made and the evening was spent with singing school songs and enjoying other music.

Those present were John and Paul Bruns, Martin Biggs, Frank Makosky, Bennie Osterman, Tom Hill, Tom Trythall, Clayton Hillston and Kile.

D. A. R. DINNER

Regent's Home Scene Delightful Function Saturday, Patriotic Program

In the beautiful, flag-draped grounds surrounding the home of the Regent, tables decked with an artistic arrangement of flowers, were set for a dinner given by the Santa Ana Chapter, Daughters of the Revolution, in honor of Flag Day and also to mark the closing of the work for this season.

The guests of the occasion were the husbands and friends of the members of the chapter and the new members admitted to the chapter at its last meeting.

Patriotic music was the special feature of the interesting program, the opening number being "America." This was followed by "To Thee Oh, Country," and "Flag of '76," sung by a quartet composed of Mesdames Jesse Albright and A. J. Crookshank and Dr. McCauley and Jesse Albright. All present then joined in singing "The Star Spangled Banner," which was written by the great-uncle of Miss Katharine Edwards, one of the members of the Santa Ana chapter. The next meeting will be held at the home of the vice regent, Miss Berdenia Henry, the second Saturday in October.

A number of the members will attend the luncheon, in commemoration of the adoption of the flag, to be held at Hotel Hollywood, June 14.

Miss Anderson Again Honored Among the many and delightful pre-nuptial courtesies being shown Miss Hattie Anderson was the one given at the close of the week, when the young ladies of the Philathea class of the First Methodist Church entertained at the home of Miss Bessie McCord on Orange avenue.

Redolent with the odor of lovely sweet peas, the home presented an attractive appearance and the time was happily spent with progressive games.

Late in the evening delectable refreshments were served. Miss Anderson was presented with a lovely

Yesterday Mr. and Mrs. Inger and their son, Clifford, were entertained together with the members of the club and their husbands at Orange County Park, Mr. and Mrs. A. B. Those present yesterday were Messrs. and Mesdames A. B. Watson, Gene Deakin, J. J. Tavis, Jack Cope, J. P. Browne, George Paul, J. W. Norton and Miss Eva Birkes and Irene Sauter.

AMUSEMENTS

"The Servant in the House," which plays in this city today, has but seven characters, and but one scene, the interior of an English vicarage, where everything happens on a spring morning in just the time it takes to play it.

It is a beautiful story, dramatically told, there is much humor about it, not a little pathos, a happy ending and a general worth-while-ness which makes it linger in one's memory.

The cast, besides Tyrone Power, includes Wilfred Rogers, Benjamin Horning, John W. Sherman, Clyde McCoy, Bessie Bacon and Sarah Traux.

At the West End

Pauline Frederick, noted for her characterizations of fascinating and alluring women, as well as for her realistic portrayals of sweet, innocent girlhood, demonstrates her unusual versatility in the latest Famous Players-Parmount Picture, based upon Israel Zangwill's "The Moment Before," appearing at the West End tonight. In this photoplay Miss Frederick adds a new role to her remarkable screen repertoire, that of Marge, a kypsy maid. The story takes her from the camp of her brutal husband, John, into the employ of Harold, the second son of the aged Duke of Maldon. Her husband, suspecting the love affair existing between his wife and Harold, goes to seek her.

Lionel, the heir to the Duke's estates, heartily disapproves of Marge, and while arguing with her is killed by John. From then on the story proceeds with increasing tenseness of interest.

BOYS BAKED POTATOES, HOUSE CATCHES FIRE

A basement—boys—matches—baked potatoes—the fire department.

This is the story of a fire in the vacant house at 608 Van Ness about 1 o'clock Sunday morning. The house is the property of Frank Stout and the damage amounts to between two and three hundred dollars.

The fire was discovered by a neighbor, who turned in the alarm from a box near by, but failed to wait to direct the fire department to the conflagration. The damage was to the back part of the house.

According to report, boys built a fire in the basement Saturday afternoon to bake potatoes and went off without extinguishing it.

Why Take A Gambler's Chance with Your Money

Don't you know that almond growing is one of the easiest, quickest, most profitable (if you select the right locality) orchard crops in the state of California?

Do you know that according to Government reports, our consumption of nuts is increasing 15 per cent per annum? That 85 per cent of the almonds we consume are imported from Spain, Italy and France? That California produces 98 1/2 per cent of all the almonds produced in the United States?

Do you know the almond territory is more limited in area than that of the English Walnut and that Paso Robles Almonds were awarded the Gold Medal and a Bronze Plate for quality at the St. Louis Exposition? Don't you know that the

TEMPLETON-PASO ROBLES district is being recognized as the coming almond district of the State? That many, many thousands of trees are being set out in this territory? In fact there is an almond boom here?

Would it interest you to know that young orchards there are producing \$50.00 per acre in their third year?

Let me tell you more about the almond, because you can't get the ALMOND STORY IN A NUT SHELL!

Then there are so many other interesting facts about the Templeton-Paso Robles country that you should know, that I am sure if you drop me a one cent postal with your name and address plainly written the booklet I will send you will give you much valuable information.

GARDEN GROVE, June 10.—The school auditorium was well filled on Thursday evening at the graduating exercises of the eighth grade. The opening number on the program was a song, "Song of the Strollers," by the graduating class. A splendid essay, "Conservation of the National Resources of the United States," was given by Clara Chaffee. Song, "Night in June," by the class, followed. The class prophecy was in the nature of a dialogue given by Stella Tournat, Doris Bowen and Vesta Newsom, and was heartily applauded. The song, "When," was sung. Prof. E. W. Hauck delivered the address of the evening and presented the diplomas to twenty-eight students, assisted by Prof. Fitz. After the class song all joined in singing "America."

The Young Woman's Missionary Society will meet at the home of Mrs. Serena Hidden Saturday evening for their regular monthly missionary meeting.

A pleasant surprise was given the Baptist minister and his family Tuesday evening. A large number of the members of the church and congregation met at the home of Mrs. Hidden and went in a body to the Thomas home. The party was given Brother Thomas as a welcome home from a month's vacation passed in the northern part of the state. It was also a pound social and the table was loaded with gifts. The evening was pleasantly passed in social conversation. Refreshments of cake and sherbet were served.

The operetta, "Lost Land Fairies," that was given at the Garden Grove grammar school Wednesday evening was a great success and much credit is due Miss Hidden for the excellent training given the children and to the other teachers who had charge of the costumes. HUGHES IN WIRE OF ACCEPTANCE TAKES STAND FOR AMERICANISM

WASHINGTON, June 12.—The telegram of Justice Hughes to Chairman Harding of the Republican convention follows:

Warren G. Harding, Chairman of the Republican National Committee, Chicago.

Mr. Chairman and Delegates: I have not desired the nomination. I wished to remain on the bench, but in this critical period of our national history I recognize it is your right to summon me, and my paramount duty to respond.

You speak at a time of national exigency transcending mere partisan considerations. You voice the demand of dominate, thoroughgoing Americanism with the firm protective upbuilding policies essential to our peace and security and to that call in this crisis I cannot fail to answer with a pledge that all that is in me is at the service of our country.

I therefore accept your nomination. I stand for a firm and unflinching maintenance of the rights of American citizens by land and sea. I neither impugn motives nor underestimate difficulties.

But it is regrettably true that in our foreign relations we have suffered incalculably from a weak and vacillating course which has been taken as regards Mexico, and that country is lamentably all wrong with regard to both our rights and our duties.

"Have Failed in Our Duty"
At the outset of the administration, with the high responsibilities of our diplomatic intercourse with foreign nations, with the conception of partisan requirements, presented to the world a humiliating spectacle of ineptitude. The latest efforts have not availed to recover the influence and prestige so unfortunately sacrificed and brave words have been stripped of their force by indecision.

We interfered without consistency

IN THE JUSTICE COURT

DERKUM GIVEN SIX MONTHS IN COUNTY'S JAIL

Fisherman of Laguna Beach
Pleads Guilty to Charge
Of Petty Larceny

This morning John Derkum of Laguna Beach pleaded guilty to a charge of petty larceny, and Justice Cox sentenced him to jail for six months. Derkum was accused of a felony, the stealing of nets and other fishing paraphernalia worth \$75. After learning what the evidence against his client was, Attorney A. W. Rutan took steps to adjust the case in the justice's court. The grand larceny charge was dropped, and a new complaint charging petty larceny was brought in. To the lesser charge, Derkum pleaded guilty.

Derkum has lived at Laguna Beach for years, and was well thought of. The accusation against him was made by J. J. Thorpe.

For Non-Support

Under Sheriff Iman arrested Louis Lindley at Fullerton and turned him over yesterday to an officer from Hanford, where Lindley was wanted on a non-support charge.

AT THE COURTHOUSE

SEEKING TO COMPEL THROUGH COURTS TO FINISH CONTRACTS

Two suits on contracts were brought today.

William Dodge of Los Angeles entered into a contract with J. Herzikoff whereby he was to trade Los Angeles property for the property at 1608 North Main street, Santa Ana. He alleges that Herzikoff refuses to carry out the agreement, and he asks that he be compelled to carry it out and to pay \$500 damages.

R. C. Andrews of Los Angeles is suing A. Karl to compel Karl to make back payments on a purchase contract involving \$21,315 and thirty acres of land. Only \$2000 of the contract price has been paid.

Court Notes

A final decree of divorce was given today to Hazel S. Burkhardt against George G. Burkhardt.

Minnie Cooper has petitioned that the case of Grace P. and Gladys G. Cooper, minors, be transferred to Riverside county. The property and the persons concerned in the guardianship matter are in Riverside county.

Mrs. Ida Ashby through Attorney Menton has asked for an order of court to compel W. W. Ashby to pay her \$12 a week for the support of the Ashby minors.

Witnesses Summoned

Under Sheriff Iman has made a return of summons served upon residents of Garden Grove who have been called to appear in the superior court here next Friday at 9 o'clock in reference to the application of George Nesbitt for probation. Nesbitt has pleaded guilty to manslaughter in that he drove the machine that killed Miss Isabel Thomas. The witnesses called are Bert Hallaway, S. H. Fitz, Mildred Spain, Ray Mills, J. A. Sandman, Seymour Ayres, J. H. Fay, J. E. Schield, John Mitchell, Clarence Todd, Samuel Brentlinger and A. G. Reec.

L. A. POPULATION IS 555,363, IS CLAIM

LOS ANGELES, June 12.—Population, 555,363. Total area, 333.92 square miles. Bank clearings for year ending June 1, 1916, \$1,133,341,326.96. These figures indicate the growth of this city in the number of its inhabitants, in area, and in wealth as represented by official Clearing House reports.

In 1915 the total population of Los Angeles was 528,817, according to directory estimates. During the twelve months between June, 1915, and the present month, there has been an increase of 4056 householders in this city, according to the new statistics. On the standard basis that each household represents an average of a fraction more than five persons, it is estimated that the total increase in the population of Los Angeles proper is about 22,363. These figures added to the total population of the city, including that of annexed territory, place the grand total at 555,363.

TWICE PROVEN

If you suffer backache, sleepless nights, tired, dull days and distressing urinary disorders, don't experiment. Read this twice-proven testimony. It's Santa Ana evidence—don't you know? Mrs. C. M. Madison, 901 E. Sixth St., Santa Ana, says: "I have used Doan's Kidney Pills and consider them a good medicine. My kidneys showed signs of weakness and a general disorder. Doan's Kidney Pills helped me from the start and gave me such good satisfaction that I have never hesitated to speak a good word for them. I keep this medicine in the house and use it occasionally and it always brings relief." (Statement given March 26, 1913.)

On February 8, 1916, Mrs. Madison said: "I am as firm a believer in the merits of Doan's Kidney Pills now as when I recommended them before. I always receive prompt relief from their use." Price 50c, at all dealers'. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Madison has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.—Advertisement.

PROGRESSIVES WILL NOT
ENDORSE HUGHES, WORD

NEW YORK, June 12.—Still full of fight, Roosevelt and radical Progressives today planned to storm Oyster Bay in an effort to convince Roosevelt that he should accept the Progressive nomination.

Delegates returning from Chicago said that the Progressives positively would not endorse Hughes.

CONSTITUTION AMENDMENT,
DEM. PLANK PLAN

ST. LOUIS, June 12.—Chairman William F. McCombs of the Democratic National committee today announced that he was preparing a plank to submit to the platform committee demanding a constitutional amendment that would prevent any Federal judge from being elected to any office. That is an outgrowth of the Hughes nomination.

DEMOCRATS DECLARE PLANS
EASY TO FIGURE

BY PERRY ARNOLD
(United Press Staff Correspondent)
ST. LOUIS, June 12.—The Democratic convention will proceed as follows: Wednesday, keynote speeches, Thursday, speeches from the platform, Friday, more speech making, one nomination and several score seconding motions and speeches for that nomination. Saturday, beginning at midnight, roll call for president candidate, speeches and more speeches on the vice president.

This is exactly what that convention will do too. It did not require the services of a clairvoyant to figure out the program. Any one of the delegates straggling in today could speak authoritatively.

MEXICAN WOMAN IS SHOT THROUGH LEG

Mrs. Julius Lopez has a 44-caliber rifle bullet hole through her left thigh. The bullet came from a rifle in the hands of her husband, who lives near Wintersburg. The woman and her sister say that Lopez came home intoxicated Saturday night, quarreled, and fired, the powder burning the clothing of the wife. Lopez declares he was showing the rifle to a friend who wanted to buy it, and it was discharged accidentally. Sheriff Jackson and three deputies hunted for Lopez Saturday night. The man was arrested by Marshal Tingley at Huntington Beach on Sunday.

WARSPITE STILL IN RING, SAYS COMMANDER

LONDON, June 12.—In proof of the statement of the British Admiralty that the dreadnought Warspite arrived safely in port after the North Sea battle, the commander of the warship himself received a correspondent and said:

"I am still commander of the greatest battleship in the world, and my

men are as fine as Nelson's bluejackets. I saw that we registered hit after hit, enough to convince me that the Germans got a licking which will keep them in port for many months to come.

"Under a worse pounding than the Lion received in the Dogger Bank fight, we remained in action without a single vital injury.

"The Warspite will be sailing the action, I share the feeling of the fleet comes out again.
